

# IPSI: The New Internship Platform

Connecting Talents with Opportunities

## 4 steps to level up our cooperation:

1. Set up a link to IPSI on your website or the page that suits you best.
2. Forward and distribute our (online) promotional material.
3. Initiate joint projects and initiatives between your university and the DHBW.
4. Get in touch with the contact persons at the DHBW, who will gladly assist in promoting IPSI at your university.

## Ways DHBW will empower your journey with IPSI:

- Address all your questions with clarity and precision.
- Assist in promoting IPSI to your students effectively.
- Supply comprehensive information materials, including:
  - Print media such as posters and postcards
  - Ready-made texts and images for social media
  - Ready-made content for newsletters
- Facilitate engaging webinars through the IPSI platform for you and your students.

**Strengthen the global presence of your university by offering your students access to our internship programs!**

## Unlocking Internship Opportunities in Germany

The Baden-Württemberg Cooperative State University (DHBW) is now offering all students at its partner universities access to the IPSI platform: [www.ipsi-dhbw.de](http://www.ipsi-dhbw.de)

IPSI is an innovative platform developed to bridge the gap between international students and German companies seeking talented interns. Designed to foster global connections and enhance professional opportunities, IPSI is set to evolve the way students and companies interact.

Students at your university can use the IPSI platform to access internship offers from DHBW partner companies completely free of charge. They are able to upload their profiles to showcase themselves to German companies and directly apply for internships while companies can browse student profiles, scout talents and initiate contact directly through the platform.

## DHBW - The Baden-Württemberg Cooperative State University

DHBW offers a variety of study programs at 9 locations in the southwest of Germany, from business administration to computer science, logistics and engineering.

Our unique concept ensures that students have a permanent partner from day one, a company from the region that supports them. Study phases at the university alternate with work phases at these trusted companies.

Due to our extensive experience and familiarity with our partner companies, we can place your students with confidence, ensuring they receive exceptional guidance and support.

## Benefits of IPSI for your students:

- **Exclusive Access:** Reserved for students at DHBW partner universities looking for an internship in Germany, the EU's economic powerhouse contributing 20% of EU's economic output.
- **Trusted Partners of the DHBW:** Internship opportunities at our reputable and reliable partner companies across various industries in Germany.
- **Career Development:** Enriched student resumes with international work experience, boosting their competitiveness in the global job market.
- **Cultural Exposure:** Experience in different working environments, languages and cultures; hence broadening students' personal and professional horizons.
- **Double the Advantage:** Opportunity to maximize their experience by combining an internship with an exchange semester at one of the DHBW locations in courses offered in English.
- **User-Friendly Platform:** Intuitive and easy-to-use interface with valuable functions and tools.
- **Cross-Platform:** Platform-independent use on desktop PC, mobile phone or tablet.
- **Free of charge!**

## Partner Companies of the DHBW in IPSI

Over 9.000 companies across various sectors in IPSI collaborate closely with the DHBW to support all of our universities and our students. These companies have established trust through many years of partnership and are experienced in effectively engaging with students.
