ACCOMMODATION

Zealand does not have its own student accommodation. However, as an exchange student, you will receive assistance in finding housing through our network of local providers. Please note that a housing offer is made on a **“take it or leave it”** basis, as we are generally unable to accommodate individual preferences regarding location, type, or facilities. Once you have submitted your application, we will send you further information about the available housing options and how to secure the offer.

ACADEMIC REQUIREMENTS

Exchange students are recommended to enroll in a minimum of 25 ECTS credits per semester, with a maximum of 30 ECTS credits.

Courses are typically assessed through a combination of assignments, group work, participation, and exams. Students are advised to familiarize themselves with the specific requirements and evaluation criteria for each course.

Please note that failure to meet academic obligations (including poor attendance or not completing exams) may result in failing grades and the loss of awarded ECTS credits. This may also affect your academic recognition at your home institution.

Students are encouraged to consult with their academic advisor at their home university and their coordinator at Zealand to ensure proper course selection and academic alignment.
